

Dear Potential Sponsor,

Thank you for your potential support of AHJ. We are looking forward to partnering with you.

As you may know, our beloved sister Lisa was a core member of our team—a vibrant, larger-than-life spirit who believed wholeheartedly in the healing power of music and the importance of community. After a courageous two-year battle with cancer, Lisa passed away on January 24, 2026. Her strength, resilience, and unwavering love for others continue to inspire us every day. In honor of her legacy, we have established the **Alissa Henry Johnson (AHJ) Cancer Foundation**.

Through this foundation, we are committed to transforming the power of music and culture into a force for cancer prevention, education, and health equity particularly in communities that often face barriers to access, information, and care. Our vision is to create spaces where awareness, early detection, and support are not only accessible but also rooted in trust, culture, and community connection.

We invite you to stand with us as we carry this mission forward. Your donation will directly support community-based outreach, educational efforts, and events that promote cancer prevention and wellness.

Please consider making a contribution using the link below **or** via the QR code attached. Every gift helps us honor Lisa's legacy while making a meaningful difference in the lives of others.

Additionally, we are planning a music centered community engagement event on **June 6th at Jack's Island in New Bern**, and we have included a sponsorship package for businesses and organizations interested in partnering with us. We would greatly appreciate you sharing this opportunity within your network and circle of trusted friends & family.

Thank you again for your continued support, love, and belief in our mission. Together, we can turn grief into purpose and create lasting impact.

With gratitude,

[James Henry AHJ] Cancer Foundation President
